Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvement would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Queen's Printer and Publisher for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvement would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

Filed—November 15th, 1972.

REGULATION MADE UNDER
THE PHARMACY ACT
PARCOST C.D.I.

1. For the purposes of the Act, the Parcost C.D.I. is the comparative drug index contained in the Schedule hereto. O. Reg. 544/72, s. 1.

Schedule
PART 1

INTRODUCTION

1. The Parcost Comparative Drug Index has been compiled by the Ministry of Health and its advisory committee, "The Drug Quality and Therapeutics Committee".

2. The Index is a compilation of pharmaceutical preparations, arranged in comparative categories and groupings according to the nature, strength and dosage form of the active therapeutic constituent.

3. The products listed in the Index meet recognized standards of quality required by the Drug Quality and Therapeutics Committee.
4. Except where indicated otherwise by the words "not interchangeable", for the purposes of subsection 1 of section 52 of the Act, products listed in the same bar chart of the Parcost C.D.I. are interchangeable.
5. The cost listed in the Index is derived from a price submitted by the pharmaceutical manufacturer or supplier and is based on the package size listed for the product in the C.D.I., and represents the maximum price the pharmacist or hospital should pay for the product.
6. Manufacturers distributing primarily direct to the pharmacy are indicated by a symbol (D) after the firm name in the MANUFACTURERS' PRODUCT LISTS SECTION.
7. The cost of prescribed pharmaceutical preparations to the patient is composed of two major components:
- i. Product cost to the pharmacist.
 - ii. Pharmacist's professional fee.

For the purposes of section 52 of this Act, the product cost-plus professional fee method of pricing a prescription shall be used and the prescription fee so used shall not exceed a maximum of \$2.20.

Oral Contraceptives — Grouped According to Estrogenic Content

The products listed together in any given category are considered to be comparably effective when used as ovulatory suppressants. However, it is recognized that there may be a variation in adverse effects among these products as well as a variation in their application when they are used for purposes other than contraception. For this reason, selection of the appropriate agent must be based on professional judgement to meet the individual requirements of the patient.

6. The coverage provided by this contract shall be determined by the Commission in accordance with section 9 of the plan.

INDEMNITY

7. The maximum indemnity payable in respect of the insured crop for the crop year shall be the amount obtained by multiplying the total guaranteed production by such established price per ton as is determined in accordance with the plan.

PREMIUMS

8. The amount of premium payable by the insured person in respect of the insured crop for the crop year shall be determined and paid in accordance with the provisions of the plan.

PRODUCTION GUARANTEE REPORT

9. The production guarantee report prepared by the Commission is binding on the insured person.

CROP YEAR

10. The crop year for grapes is the period from the 1st day of December in any year to the 30th day of November next following.

11.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph 1 is the 1st day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of the insured acreage is not completed on the date prescribed by subparagraph 2, the insured person shall forthwith notify the Commission in writing and the Commission shall determine.

(a) the potential production of the unharvested acreage; and

(b) whether the harvesting was prevented by one or more of the causes of loss insured against.

(4) Where the Commission determines that harvesting was prevented by one or more of the causes of loss insured against, the Commission may extend the time for harvesting for such period as it considers proper.

(5) Where an insured person fails to notify the Commission in accordance with subparagraph 3, no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

12.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph 1, actual production shall include,

(a) the total vineyard run of all insured acreage; and

(b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

NOTICE OF LOSS OR DAMAGE

13.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against, the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph 1, where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail or hurricane or tornado damage, within three days of the time of loss.

2. For frost damage or freeze injury occurring before full bloom, by full bloom time.

5. For any other insured losses, as soon as the damage is apparent.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs 1 and 2, a claim by the insured person is invalid and his right to indemnity is forfeited.

OF CONDITIONS OR FRAUD

14. Where the insured person,

(a) in his application for insurance,

INTEREST OF OTHER PERSONS

- (b) except as provided in paragraph 17, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

17. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

18.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a

cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under the contract shall be reduced accordingly.

PROOF OF LOSS

19.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph 3, a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 17.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

20. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

21.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

22. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

23. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.
